These duties include review and approval of the Ship Security Plans or of amendments to a previously approved plan, carrying out verification audits of the Ship Security Plan aboard ships, and issuing International Ship Security Certificate (ISSC) to ships found in compliance with the ISPS Code.

Shipowners are reminded that the ISPS Code strictly prohibits RSOs from undertaking review and approval of Ship Security Plans and its amendments for a specific ship if the selected RSO had been involved in either the preparation of the Ship Security Assessment (SSA) or of the Ship Security Plan (SSP) and/or amendments under review.

Shipowners are encouraged to contact the Classification Societies listed above or the Administrator with questions regarding development, review and approval of ISPS Code related documents and national ISPS Code requirements. The point of contact for the Administrator is Capt. Thomas F. Heinan at theinan@register-iri.com.
